

Dorothy Le-Cornu.

I am Dorothy Le-Cornu, married to Graham. I have lived in Henwick, Cold Ash, since July 1985. I was born and educated in Windsor, Berkshire. I have 2 (two) grown-up Children namely Andrew and Victoria and 6 (six) Grandchildren. 3 (three) living with my Son Andrew and his wife in the Orkney Islands and 3 (three) living with my Daughter Victoria and her Partner in Thatcham.

My hobbies and interests are recreation and amenities. I am keen on the National Trust, Castles, particularly Windsor, Warwick, York etc. I enjoy family history for current and tracing back the generations of my families.

I have pets, 2 (two) dogs, a tortoise, a Bengal Cat, and some Koi Carp in a pond. I like most animals. I am semi-retired and work part-time in a very enjoyable role of face-to-face customer service. I have no plans to retire yet awhile!.

I like the areas of West Berkshire, but, over the years it has grown so very much. I moved to Cold Ash as it is a 'village' and everyone is so very friendly. Cold Ash, the area that I represent on the Parish Council has a lot of housing applications in at the moment for Stoney Lane; Henwick Park at Heath lane; Land off Tull Way (on the borders of Cold Ash/Thatcham. I know that we have to have more houses, but, it would be nice to see 'less houses', much more spaced out and particularly to have the required amenities to match = for instance, more schools and doctors surgeries, as the ones in the immediate area(s) are running at full capacity.
